| 5 | 2 nd year Program Planning | 10 th & 11 th 2022 |

B. Narrative Summary of Activities and Key Findings

As informed, due to surge of COVID 19 and prohibitory orders, we are unable to conduct the screening camps and other planned activities for the month of January 2022. However, we had carried out the following programmatic activities:

1. Coordination Meeting with DHO and HDT of Gokarneshwore Municipality

On 6th Jan 2022, coordination meeting with DHO and Health Desk Team of Gokarneshwore Municipality was completed at Teku, Kathmandu. Initially, we provided the details regarding the Breast and Cervical Cancer Screening Camp. Updated the progress report and achievement of the program within the first year program. The meeting went well and provided the positive response regarding the same. The following topic was discussed during meeting:

| SN | Topic | Discussion | Remarks |
|----|--------------------------------|--|---------|
| 1. | Overview of the program | Detailed introduction with its objective and activities of the program was provided. | |
| 2 | Progress & Achievement Details | Briefed the annual progress report and achievement of the program. | |

| | | | |
|----|--|---|--|
| 3 | Screening Camp Conduction | Provided the details on Screening Camp conduction to 30-60 years aged group women within Gokarneshwore Municipality(GM) Also, agreed to conduct educational activities among Womens Group, AAMA Samuha, FCHV , School Group with direct coordination with Women Development Department of GM to cascade the information to the community women. | |
| 4 | Diagnostic Examination | Planned to organize the meeting among Health Desk Team, DHO, TUTH and Nepal Medical College (NMC) team to finalize the referral hospital to provide further diagnostic confirmation services of the suspected clients i.e VIA positive cases and suspected breast cancer clients. | |
| 5 | Support in further treatment of Cancer Confirmed Clients | GM and DHO will jointly support the client for further treatment as per the Government norms who was confirmed with cancer. | |
| 6. | Supply of STI Medicine by GM | Gokarneshwore Municipality suggested that they can provide STI medicines from health facility to women who are suffering from it. So, along with breast and cervical cancer screening, STI treatment can be done in a single visit approach which most of the women inquiry for. | |

2. **Mammogram Diagnostic Services – Tested the service**

On 14th Jan 2022, we tested the Mammogram service in the presence of both radio-technician and supply vendor. Before commencing the service, radio-technician examined the Mammogram Set up room and recommended the additional needed items i.e clean slippers, door-mate, Led Glass, etc. Together both Radio- Technician and Vendor operated the mammogram machine. On the day, we had 2 client for the service and we successfully completed the test. Hence, now on we can plan the Diagnostic Screening Camp in the upcoming weeks.

3. **Distribution of Equipment and Supplies to Health Facilities**

During this month the distribution of logistic items i.e Equipment and Supplies to two health facilities namely Baluwa Health Post and Sundarijal Health Post was accomplished. We had provided following enlisted items to both respective health facilities in the presence of Ward President and Health Post Incharge on 21st Jan 2022.

| SN | Name of Equipments | Unit | Quantity | Remarks |

| 12 | Normal Saline | Pcs | 1 | |
| 13 | Glass Container for acetic acid | Pcs | 1 | |
| 14 | Distil water | Bott | 2 | |
| 15. | Wall Clock | Pcs | 1 | |

4. Preparation of Annual Review Meeting(ARM)

As part of the program, we have to conduct the Annual Review Meeting with DHO, Health Desk team and AMDA team. So, for the same, we commenced the preparation of the program. As soon we received the final approved budget, we discussed with the team regarding program conduction and prepared the presentation slides for the same. Also, finalized the date of internal team meeting of ARM which was finalized on 4th Feb 2022. Meanwhile, we are looking for the ARM date from Health Desk team of Gokarneshwore Municipality. Due to Vaccination Program, they had suggested the date within 3rd week of February 2022.

5. 2nd Year Program Planning

With team we planned in detail regarding 2nd year program. Reviewed the work plan and discuss the implementation activities especially on awareness program through Educational Activities, FCHV Training and Screening camp conduction. Also, discussed the challenges we had in 1st year program and the solution for the same i.e FCHV mobilization, follow up of the clients, Referral Linkage, etc.
